FOR SUBIC BAY METROPOLITAN AUTHORITY USE ONLY

TECHNICAL SPECIFICATIONS REQUIRED FOR THE SUPPLY AND DELIVERY OF MEDICAL EQUIPMENT FOR THE YEAR 2025
PUBLIC HEALTH AND SAFETY DEPARTMENT (PHSD)

A. RATIONALE

The Public Health and Safety Department (PHSD) aims to provide accessible, high-quality healthcare services to the Subic Bay Freeport Zone (SBFZ) community. This includes routine care as well as emergency and disaster response.

To support this, PHSD needs to procure essential medical equipment for outpatient and emergency care, such as patient monitors, hydraulic stretchers, emergency carts, hospital beds, bedside cabinets, stair chairs, 500 kg digital weighing scale, hamilton examination beds, digital blood pressure monitors, and pulse oximeter.

B. TECHNICAL SPECIFICATIONS

1. Hydraulic Emergency Stretcher With Side Rails And Mattress

- Material: ABS material bottom cover
- Waterproof Mattress
- Side Rails: Collapsible stainless steel side rails
- Infusion Pole & Drainage Hook included
- Hydraulic Pump System: Equipped with an imported double rise-and-fall hydraulic pump that ensures smooth and stable height adjustments.
- Adjustable Positions: Hi-Low Function, Trendelenburg & Reverse Trendelenburg
- Stability & Mobility: Dustproof castors preferably 8 inches with an advanced central locking system
- Load Capacity: not less than 150 kg
- Warranty of at least one year

2. Multi-Parameter Patient Monitor

- Display: 12" high resolution color TFT LCD screen
- Simple and friendly user interface
- Alarm System: Audible and visual alarms for out-of-range parameters
- Equipped with anti-defibrillation capabilities
- Parameter Monitoring:

  HR/PR (Heart Rate/Pulse Rate)
  NIBP (Non-Invasive Blood Pressure)
  RR (Respiratory Rate)
  Electrocardiogram (ECG): Standard 5-lead configuration (RA, LA, LL, RL, V) with lead methods I, II, III, aVR, aVL, aVF, V.
  SpO2 (Oxygen Saturation)
  TEMP (Temperature)

- Preferably with trolley or stand
- Power Supply: Rechargeable battery with AC adapter/ charger
- The supplier must provide on-site training or demo to PHSD medical staff on the proper usage, maintenance, and basic troubleshooting of the equipment.
- Warranty of at least one year

3. Emergency Cart

- Material: ABS
- Equipped anti-static, high-quality wheels with brakes
- Five drawers in varying sizes, with Central Locking System, Medicine Divider
- Size: approx 750 x 475 x 950mm
- Accessories- trash can, defibrillator shelf, CPR board, sharps container, oxygen cylinder holder, IV pole
- Warranty of at least one year

4. Stair Chair With Safety Strap And Wheels

- Lightweight, durable frame made of aluminum or equivalent material
- Equipped with foldable handles at the back and 2 telescopic lift rod under the front of the stretcher
- The seat and backrest must be made from durable material, padded, comfortable
- Includes three adjustable, sturdy safety belts
- Equipped with 2 or 4 wheels/castors, with locking mechanism for security
- Foldable, easy to carry and store in the ambulance
- Load bearing: not less than 150kg
- Warranty of at least one year

5. 3 Crank Manual Hospital Bed With Side Rails And Mattress

- Bed frame must be durable, made of high-quality materials such as steel or aluminum usually powder-coated
- With ABS head and foot board, detachable
- Equipped with four strong caster wheels, at least two of which are lockable
- Adjustable side rails
- With Simple and reliable manual adjustment system
- Accessories: with IV pole holes ,Drainage hooks
- Mattress: at least 8 cm
- Weight Load: not less than 150kg
- Warranty of at least one year

6. Hospital Bedside Cabinet With Wheels

- Material: ABS
- Castors: 2" castors, anti-static, with brakes.
- Features: Table Plate, drawer, towel hanger, waste hook, door with built-in lock
- Mobile and Easy to Move
- Durable
- Size (LxWxH): approx. 440x460x810mm

7. Hamilton Examination Bed With Footstool

- Powder-coated steel frame, sturdy, rust-resistant, and durable
- Padded foam mattress for enhanced patient comfort during examinations and treatments.
- Easy to clean, stain resistant upholstery
- Pull-out foot stool
- With front storage drawers
- With one pair of stirrups
- With elevating backrest
- With adjustable leg rest
- Warranty of at least one year

8. 500KG Digital Platform Weighing Scale

- Large, sturdy platform
- Heavy-duty metal frame (steel or aluminum)
- LCD or LED display with a high-resolution screen
- May include features like backlighting for better visibility in low-light environments
- Anti-slip feet or rubberized bases
- May come with wheels for easy portability
- Maximum capacity of 500 kg, with accurate readings in smaller increments (usually down to 100 g or 0.1 kg).
- Ability to switch between different units of measurement, such as kilograms (kg), pounds (lbs), and ounces (oz), depending on user preference
- Automatic shut-off after a set period of inactivity to preserve battery life
- Power Supply: Rechargeable battery with long-lasting battery life, AC power cord or charger included
- Warranty of at least one year

9. Blood Pressure Monitor With AC Adapter/ Power Supply

- Digital LCD or LED display
- 360° Accuracy IntelliWrap Cuff size 22-42 cm
- Cuff Wrapping Guide
- Body Movement Detection

Materials/Equipment with Contract Price of P300,000.00 and above. EXCEPT for those deliverables that are out-rightly consumed within the date of delivery/rendering of services

- Irregular Heartbeat Detection
- Hypertension Indicator
- IntelliSense Technology
- Stores 30-60 Measurements in Memory
- Low Battery Indication
- Automatic Inflation/Deflation
- Date/Time Display
- With batteries and AC adapter
- Warranty of at least one year

10. Fingertip Pulse Oximeter

- Easy to use
- Digital display (OLED or LCD)
- Dual-color display with options for showing SpO2, pulse rate, and pulse waveform.
- Audible Alarm: Alerts when SpO2 or pulse rate is outside preset thresholds.
- Low Power Indicator: Alerts when battery is low.
- Auto Power-Off: Typically after 8-10 seconds of inactivity to preserve battery life.
- Portability: Lightweight and portable
- Battery Type: 2 x AAA batteries or USB charging

C. OTHER REQUIREMENTS AND CONDITIONS

1. The Supplier must submit detailed Technical Specifications for all proposed products. Brochures may be included but must provide a clear summary of key specifications and images of the proposed products.

2. All equipment must be delivered within sixty (60) calendar days upon signing of the contract.

3. All delivered equipment must be complete, free of defects, and include all necessary accessories and user manuals. PHSD reserves the right to inspect and reject any defective or non-compliant items upon delivery.

3. The Supplier is responsible for the complete installation and configuration of the equipment.

4. Warranty must cover all parts and labor.

5. After-sales support must include repair services, technical support, and the readily available supply of spare parts.

6. In the event of defective equipment, the Supplier must replace it within ten (10) calendar days at no additional cost.

D. APPROVED BUDGET FOR THE CONTRACT and PAYMENT TERMS

The Approved Budget for the Contract (ABC) is Seven Hundred Six Thousand One Hundred Pesos (Php 706,100.00), inclusive of all applicable government taxes.

Payment to the Supplier shall be made within thirty (30) calendar days upon complete delivery and acceptance of all medical equipment.
